Welcome to Croatia! 🇧🇭

When Peter and Michael first met in Norway on a weeks long Partnership Building Activity, they had a feeling this wouldn't be the end of their story. And, as it turns out, they were right.

Over the following years, they kept in touch, and last November Michael and Sanja travelled to Denmark to explore what future opportunities might come from their friendship and shared work. Somewhere between conversations, ideas and probably a fair amount of coffee, Michael and Sanja clicked with Peter's colleagues — and suddenly, new projects were being planned.

One of those projects became this youth exchange.

Together, we want to explore what it really means to be a young changemaker — not just someone who has good ideas, but someone who understands how change happens at different levels and can turn an idea into a realistic plan for their own community.

We are excited to welcome our Danish friends to Croatia for the first part of this two-part youth exchange. This week is only the beginning: in June next year, we'll meet again in Denmark, bringing with us the ideas, experiences and plans we develop together here in Split.

But before we start changing the world, we have some important things to do: get to know each other, explore Split, eat some good food, discover Croatian culture, listen to some music, learn a few local customs and have a lot of fun along the way.

By the end of our time together, we hope you'll leave with more than just new friends and memories. You'll have a clearer understanding of how you can create change, a plan for what that change could look like in your own community, and a group of people in Denmark and Croatia ready to help you make it happen!

Here's all the info for now, read it, absorb it, and be prepared!

About Jedna Mladost

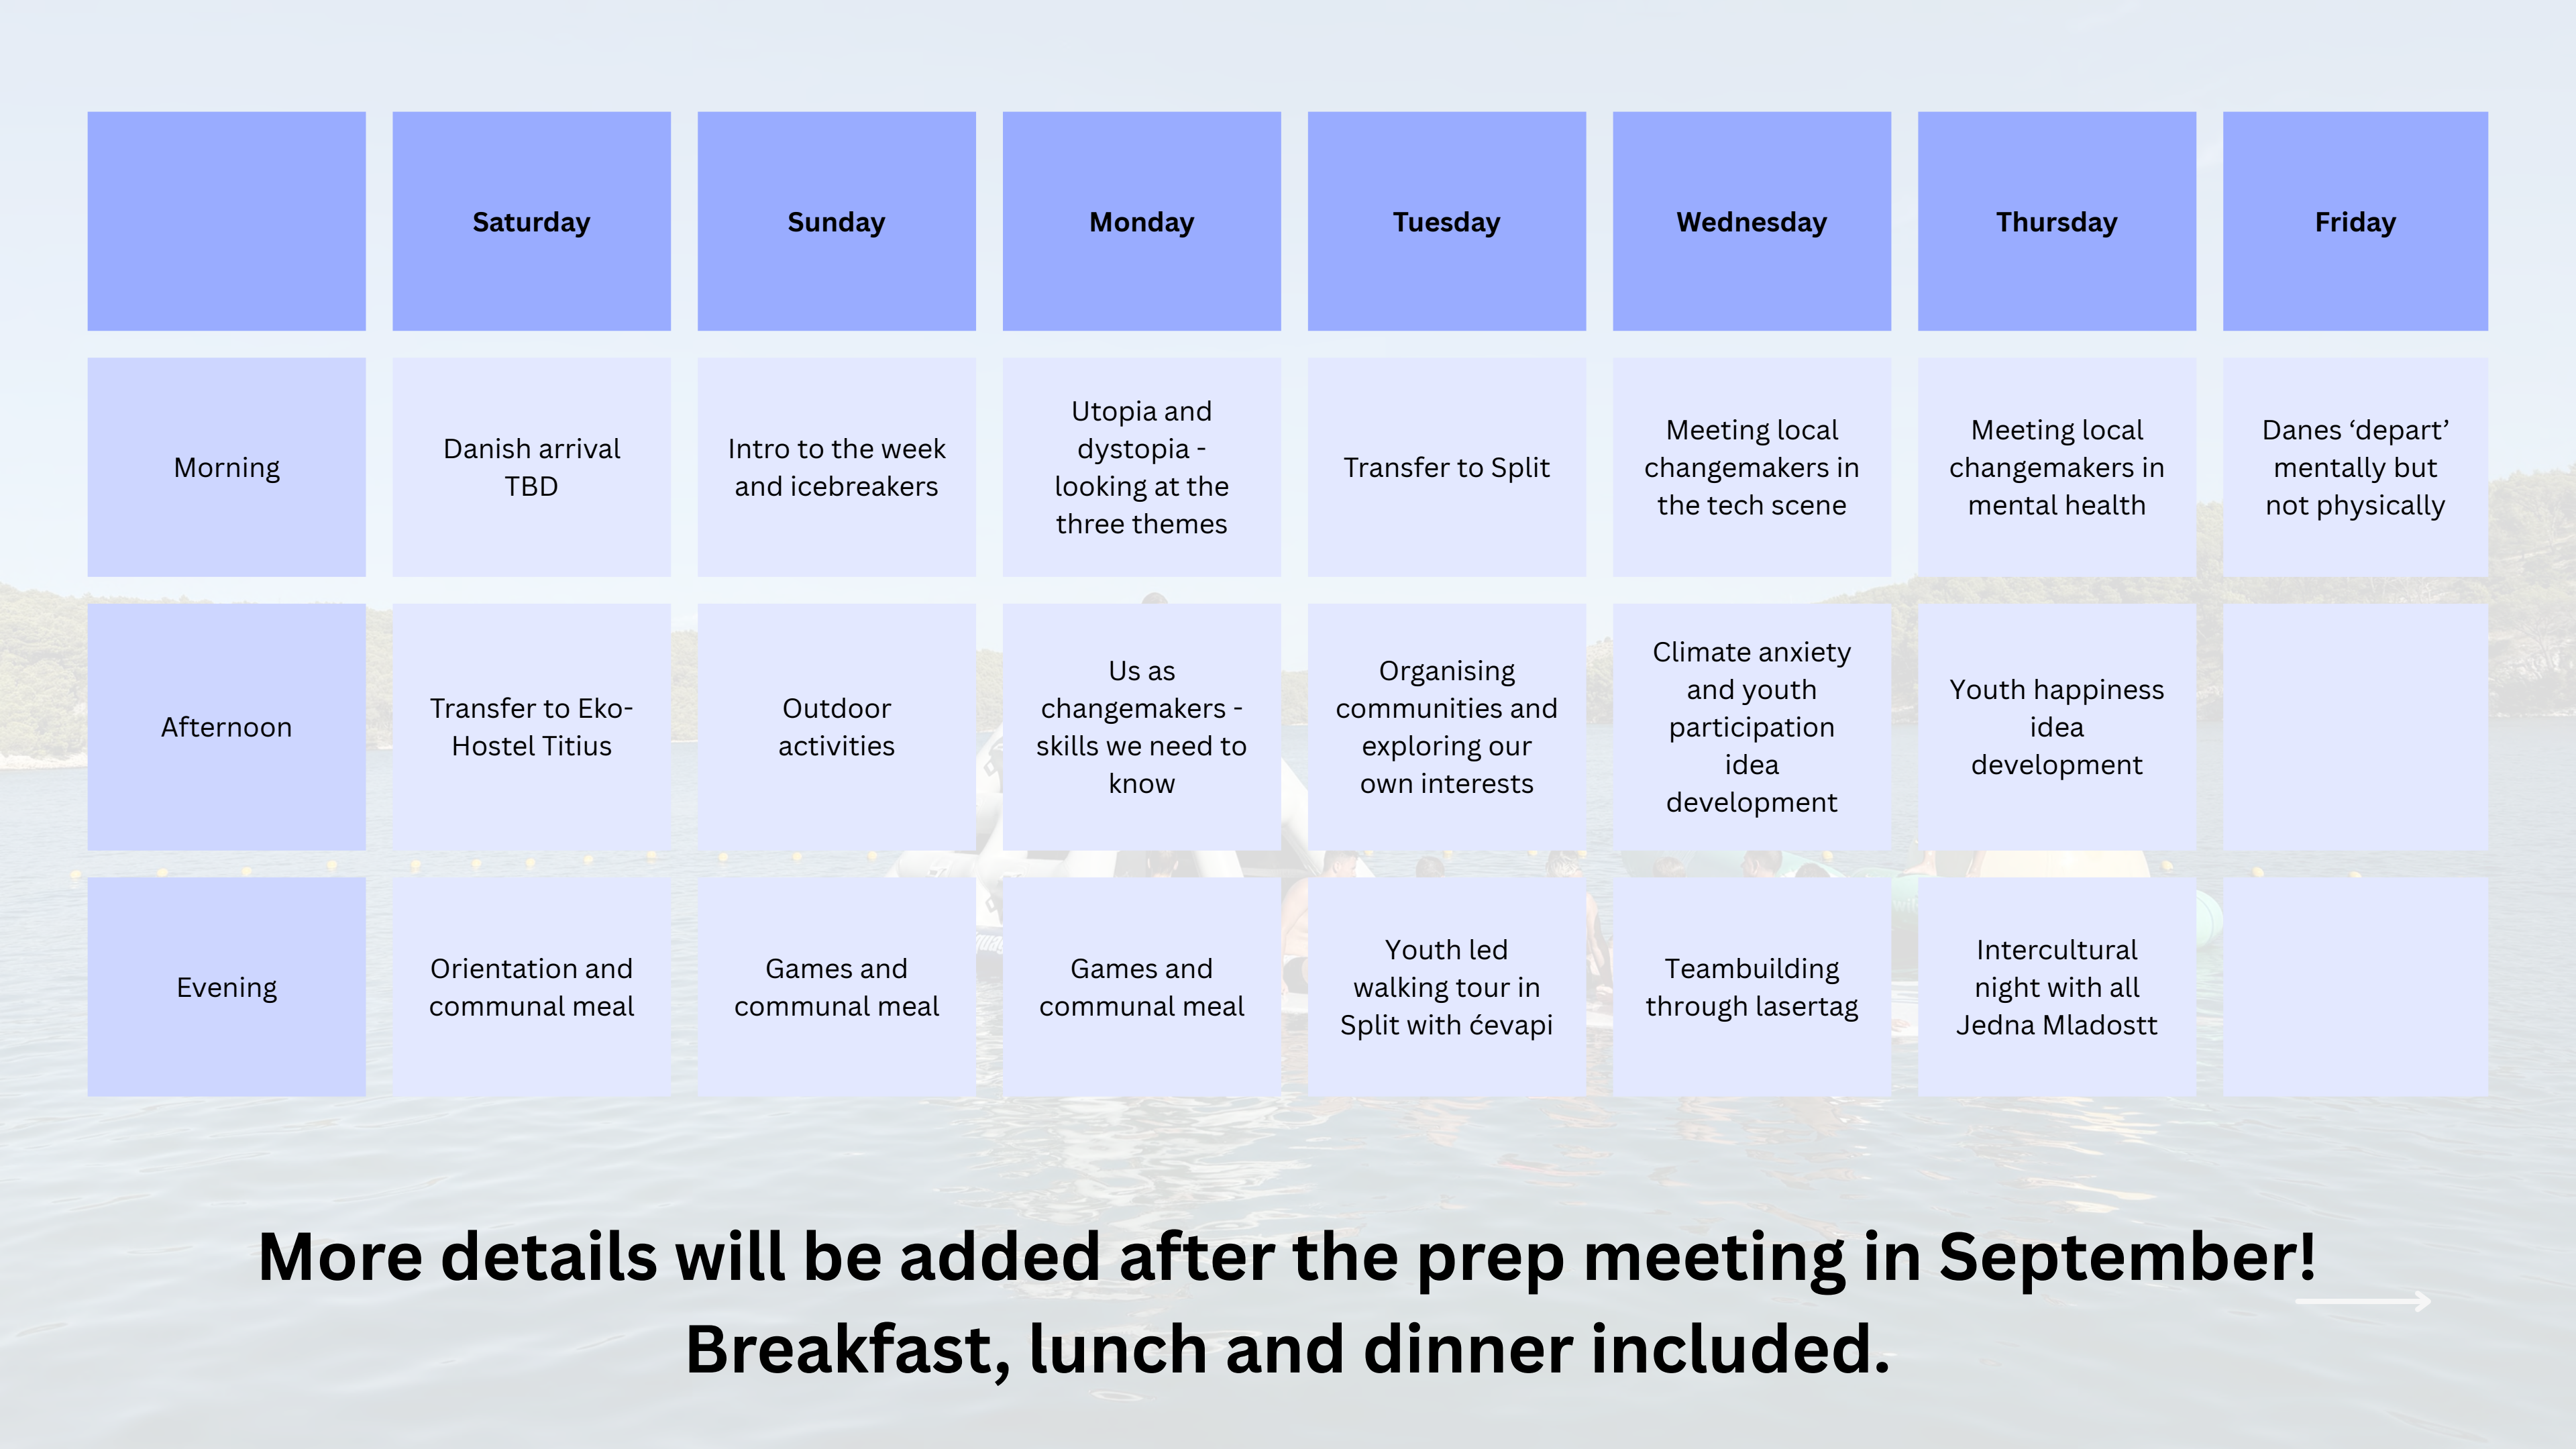

Jedna Mladost is a youth organisation and youth centre based in Split, Croatia, creating a space where young people can learn, create, experiment and take the lead. We run activities ranging from creativity, STEM and media to entrepreneurship and leadership, while connecting young people with opportunities across Croatia and Europe. Our goal is simple: give young people the space, skills and confidence to turn their ideas into action.

The logo for Jedna Mladost features a stylized red 'J' icon followed by the text '1mladost' in a bold, red, sans-serif font.

About Ungdomsskole Høje-Taastrup

Ungdomsskole Høje-Taastrup is a youth school in Denmark offering young people opportunities to learn outside the traditional classroom. Through courses, projects, trips and international activities, young people are encouraged to explore new interests, develop practical and social skills, and meet people from different backgrounds. They believe learning should be something you experience — not just something you sit and listen to.

	Saturday	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday
Morning	Danish arrival TBD	Intro to the week and icebreakers	Utopia and dystopia - looking at the three themes	Transfer to Split	Meeting local changemakers in the tech scene	Meeting local changemakers in mental health	Danes 'depart' mentally but not physically
Afternoon	Transfer to Eko- Hostel Titius	Outdoor activities	Us as changemakers - skills we need to know	Organising communities and exploring our own interests	Climate anxiety and youth participation idea development	Youth happiness idea development	
Evening	Orientation and communal meal	Games and communal meal	Games and communal meal	Youth led walking tour in Split with ćevapi	Teambuilding through lasertag	Intercultural night with all Jedna Mladostt	

More details will be added after the prep meeting in September!

Breakfast, lunch and dinner included.

Accommodation pt I

For the first 3 nights we will stay in Hostel Titius during our adventure in Krka National Park. It is part of the Krka Eco Campus in Puljane, surrounded by nature, waterfalls and plenty of opportunities to explore.

The hostel has rooms for 2 or 3 people with shared bathrooms, and a kitchen where we will cook all our meals. It's also right next to some pretty amazing places, including the remains of the Roman military camp of Burnum and the Manojlovac waterfall, the highest waterfall on the Krka River.

In other words: forget the city for a while — this week, nature is our classroom! 🌊🌳

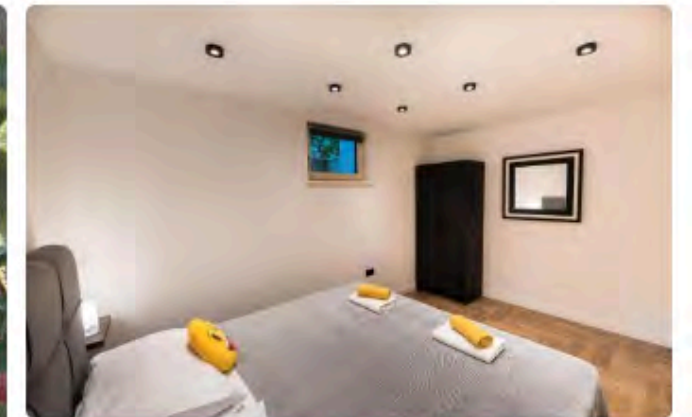

Accommodation pt II

Then for the next 3 nights we return to Split!

The Danish have two apartments called Villa Martinis near the centre of town in Manuš, whilst the Croatians will sleep at home.

Breakfast will be self organised, whilst lunches and dinners will either be at restaurants or cooked by you at our youth centre. We will also have our workshops at our Youth Centre.

The Croatian team will have a letter written to school so they can attend the whole program, unless there is some obligation at school they must attend.

Weather near Hostel Titius 🌿

Around Krka National Park, October is proper autumn weather — generally mild during the day but noticeably cooler in the mornings and evenings. Average October temperatures are around 20°C during the day and 13°C at night, with a reasonable chance of rain. Bring layers, a light jacket and something waterproof — especially because we'll be spending time outdoors.

Weather in Split 🌊

Split is usually a little warmer than the area around Titius. In mid-October, you can expect daytime temperatures around 20–21°C, dropping to roughly 15°C at night. It can still feel pleasantly warm when the sun is out, but October is also one of the wetter months, so don't assume that Croatia means guaranteed sunshine.

 Bring this	 You might need this
Comfortable walking shoes 	Swimsuit 
Trainers / second pair of shoes	Towel
Socks & underwear	Flip-flops / water shoes
T-shirts & tops	Quick-dry clothes
